Home and School Association Hear Young Speakers

The Coleman Home and School Association held its regular meeting in the school auditorium Monday evening of last week and was attended by over 50 parents and teachers.

Highlight of the meeting came when three Coleman students, taking part in the Oratorical Contest, sponsored by the Rebekah Lodge, addressed the parents and teachers. The three students, Don Fleming, Jerry Rayman and Paul Clary were all commended for their fine speeches and after a lengthy decision a panel of judges comprising Mrs. F. Graham, Mrs. E. Aiello, and Roy Upton named Paul Clary as the winner of the competition.

He will now compete against a speaker from Blairmore, Donald Blake, and Miss Belle Marcolin, of Bellevue, in the Blairmore Isabelle Sellen high school on Friday evening, and the winner of this competition will advance to district finals to be held in Fort Macleod. Winners of the competition go on an all-expense tour to New York during July.

During the time the panel of judges were deciding on a winner, Percutio Dececco, a school bus driver, gave an interesting talk on the rules and regulations governing school buses.

During the business section of the meeting the library for Coleman was again discussed and three Home and School members, Mrs. R. Upton, Joe Wayman and Rev. deLewue, were nominated to act on the Library Board.

A nominating committee comprising Mrs. C. Coover, Mrs. J. Alampi and Mrs. Anna Jones were appointed to bring in a new slate of officers to head the Home and School next term.

The room attendance prize was won by Mrs. Malenchuk's grade 7 room. The meeting concluded after a lunch was served by the committee.

Pep's Coffee Shop Being Remodelled

Extensive renovations are under way this week on Pep's Coffee Shop on the Coleman main street, and according to proprietor Peppy Olivo, the business should re-open in about two weeks' time.

The interior of the building has been completely torn out and the interior is to be completely renovated from the ground up.

In place of the former horse shoe counter, the new premises will now feature a 14-stool counter as well as four complete double booths and three single booths for two persons.

Full course meals as well as short order and ice cream dishes will be served and the cafe will be open from 6 a.m. daily to 1 a.m. The cafe which is also a bus depot will have all the latest in kitchen equipment and all fluorescent lighting is being installed.

The flooring is to be installed and walls will be covered halfway up with birch. Ladies' and gent's rest rooms are also being installed and pastel colors will be used to decorate the entire premises.

Thermo-pane glass is being installed on the west side of building to make the interior of the building as light as possible with natural light. Cellis Building Supplies is doing the contracting work while Morency Plumbing of Blairmore is doing the plumbing and R. Montalbetti, Coleman, is in charge of all electrical installations.

Mr. Oliva plans to have the cafe open in some two weeks' time and has announced that special weekend meals will be a feature of the new cafe, which will still be known as Pep's Coffee Shop.

Music Results Are Announced

The University of Alberta has announced the results of the Practical and Theory examinations of the Western Board of Music in Alberta which were held in February at the University and at various local centres throughout the province.

The theory examination results of interest to the Pass are as follows:—Grade 4, First class honors: Audrey Ferstay and Eleanor Kroll of Blairmore (equal). Ground Work Starts On Gas Plant

Some ground work commenced last week on grading a road into the site of the old Coleman Airport where plans call for the construction of an \$11,600,000 gas processing plant. Local trucks have been hauling in some gravel for the construction of the road on the north side of the plant site to the number three highway.

Canadian Bechtel Ltd. are also making enquiries for rooms for 150 men in private homes in the Crows Nest Pass towns during the height of the construction period which will be from May to October. Persons having accommodations may register the same at the local town offices.

Preparation work of the site for the plant is expected to commence at once with major construction to get underway in latter April. The two units to be built in the Sentinel District will be owned by Jefferson Lake Petroleum of Canada Ltd., who will take charge of extracting sulphur from the gas and the Saratoga Processing Company Ltd. who will process the raw gas.

Ferschweiler Services Well Attended

The Catholic Church in Coleman was well filled March 18th when the many friends of the late Walter Ferschweiler gathered to attend the Requiem High Mass celebrated by the Rev. Denis Fleming.

Following the services the cortege proceeded to the Holy Ghost cemetery where interment was made.

Pallbearers were Trevor Colister, Joe Hanrahan, John Dobek, Stu Murdoch, Will Dutil and Henry Zak, Jr.

Mr. Ferschweiler passed away in the Lethbridge Municipal Hospital on March 14 following a period of ill health. He was 55 years of age and had lived in Coleman since 1952, and had managed the local theatre.

Relatives and friends from out of town attending the funeral were Mrs. Jean Ferschweiler from Calgary, Mr. and Mrs. Nick Weller of Camrose (Mrs. Ferschweiler's parents), Mrs. Jean Fellows from White Rock, B. C., Mr. and Mrs. M. McKinnon from Bassano, Mr. Wilbur Weller of Vegreville, Mr. Ralph Weller, Mrs. Bernadine Lutgen, Mrs. Mary Badry and Mr. Norman Lutgen from Heister, Mr. Stan Gould and Mrs. Cecilia Edmonds from Roseland, Alta., Mrs. Lorraine Badry from Forestburg, Mrs. Theresa Brennis from Edmonton and Mrs. Marlene Martz from Galahad.

Anglican Padre to Reside in Blairmore

The Rectory of St. Alban's Anglican Church was recently sold and purchased by Mr. Arthur Juhlin of Coleman.

A new Rectory was purchased in Blairmore where the Padre will reside in the future, it being more centrally located for his three charges.

The last week in the life of Jesus Christ is remembered by Christians with special services and great solemnity for it was a time of betrayal and suffering that led up to the resurrection of the Son of God.

Jesus arrived in Jerusalem on Sunday, cheered by hopeful throngs who showered His path with branches of palm trees. It was dangerous for Him to enter the city because of the high priests who feared and resented Him, but He believed it was His duty to preach there.

According to the Bible, reports Mrs. Francine Klagsbrun, religion editor of World Book Encyclopedia, Jesus spent the first few days teaching and visiting the Temple. Once again He threw out the moneychangers and those who sold doves for sacrifice. Some of the time He prayed and meditated in Bethany, just outside the city.

On Thursday night He joined the 12 disciples for what was probably the first meal of the Jewish Passover. During the Last Supper, He told His disciples that one of them would betray Him. Then He gave them bread and wine, saying, "This is My Body" and "This is My Blood." From this meal originated the sacrament of Communion, or Lord's Supper.

Jesus knew that His hour of suffering was near. He led the disciples to the Garden of Gethsemane, on the slope of the Mount of Olives. Late that night a band

of armed men, with Judas Iscariot among them came to the garden. Jesus kissed Judas, identifying Him to the armed men, who took Him away to the high priest.

Charged with blasphemy for calling Himself the Son of God and King of the Jews, Jesus was taken early Friday to Pontius Pilate, the Roman governor, and then to Herod Antipas, ruler of Galilee. Herod mocked Jesus, dressed Him in a kingly robe, and sent Him back to Pilate.

Without the approval of Pilate, Jesus could not be executed. But Pilate hesitated to condemn Him. He brought Jesus and a condemned murderer named Barabbas before the people and told them to choose one to go free, as it was the custom to pardon one prisoner during Passover. The mob screamed for the release of Barabbas. Jesus was sentenced to death by crucifixion a common Roman form of execution.

The crucifixion took place on a hill outside the city called Golgotha, or Calvary. After several hours Jesus died and His body was taken to a new tomb.

On Sunday morning Mary Magdalene went to the tomb. The stone had been rolled away and the tomb was empty. But an angel told her that Jesus had risen.

Later Jesus appeared to Mary Magdalene and to Simon Peter. For the next 40 days He taught His eleven faithful disciples. Then He rose to heaven.

Pass Unemployed Hold Special Meeting

The Union Hall at Blairmore was the scene of a large meeting last Friday, March 25th of the unemployed of the Crows Nest Pass.

This special meeting was called to discuss ways and means to protect the interests of local unemployed. Under the chairmanship of Mr. A. Marks of Blairmore, various problems that may arise in the forthcoming employment of men for the erection of the Gas and Sulphur plants being erected in the Coleman and southwest Fincher Creek areas came in for considerable discussion.

Mr. Marks stated that he had been in consultation with Mr. J. Lote, manager of the National Employment Office, and that Mr. Lote had assured him that labor for the plants would be hired through his office only.

Further to this, any person registered with the employment office, should they have any other trade, other than the ones that they were presently registered as should give this information to the National Employment Office immediately.

Mr. Marks stated that he had hoped to have Mr. Lote address this meeting, but due to the fact that Mr. Lote had to go to Fernie, this was impossible.

Various problems discussed at this meeting included the following:—Preference to be given to Pass unemployed in all cases where they are qualified to perform the work required.

It was stated by numerous persons that this had not been done in regards to the pipe line work, and in some cases men who had been hired were discharged the following day for reasons not compatible with the facts, and it was the consensus of the meeting that these practices were for the sole reason of re-hiring former pipe line employees.

The meeting went on record that

nothing shall be left undone to see that Pass men shall be given preference. As it was stated that the people of the Pass area are the ones to pay the taxes that are required to support schools, extra police and other requirements that they should be given preference.

Full support was extended to the National Employment Office by the meeting, and that Mr. William Kovach, M.L.A. and Dr. L. Kindt, M.P. be invited to the next meeting to speak to the members and that their support be solicited.

With regards to certain reports given by members it was decided to contact the Board of Industrial Relations for further information and action if necessary.

With over 350 persons present, and others unable to gain admittance to the hall due to limited capacity, it was decided to form an association representing the Pass towns.

This association will be in the interests of all of the unemployed in this area. The association will continue to operate even after the members at present are employed, as it was felt that many persons are in need of assistance that can only come from an association of this nature. That full co-operation be given to the National Employment Service at all times, in their efforts to get employment.

The following officers were elected: President, A. Marks, Blairmore; vice-president, W. Price, of Bellevue; secretary, R. Crippen of Coleman; executive: S. Jackson, Coleman; K. Rees, Blairmore; T. Patena, Frank; B. Cassidy, Bellevue; B. Bacura and T. Carlson of Hillcrest.

Application for a charter will be applied for.

Second Annual Shamrock 'Spel Successful Event

The second annual Coleman Curling Club Shamrock Bonselpiel was held in the curling rink over the past week-end and was well enjoyed by all who took part in the three-day affair. Thirty-two rinks took part in the 'spel with 11 rinks from Natal and Michel, B. C., entering. Draw-master was Roy Upton of Coleman.

Winners of the first event were: 1st, Doug Oliver rink of Blairmore; 2nd, the Joe Wayman rink of Coleman; 3rd, T. Antonio rink of Blairmore; and 4th, the P. Camili rink of Michel.

Second event winners were: The A. Dipao rink of Michel was first; 2nd, the Joe Wayman rink of Coleman; 3rd, the P. Ungaro rink of Natal, and 4th, the Henry Zak, sr., rink of Blairmore. Winners in the third event:

1st, the Mafoli, jr., rink of Fernie, B. C.; 2nd, the Fontana rink of Michel; 3rd, the Bill Hoggan rink of Coleman, and fourth, the L. S. Richards rink of Bellevue.

Two special awards were also given and the winner of the prize for the first rink knocked out of the 'spel was C. Rougehead rink of Coleman, while the Joe Warecan rink of Coleman also received an award for having the biggest end scored against themselves.

Fish & Game To Boost Membership

A very small number of sportsmen attended the Coleman Fish and Game Association meeting held last week when the main item on the agenda was the lack of interest being shown by club membership in its various functions.

A committee comprising Al. Krywolt, Percutio Dececco and Gordon Marconi was appointed to delve into ways and means of revitalizing the clubs activities and bringing the membership to its former good number of 170 men. The club will meet in April when the question of membership will again be brought up for discussion. The importance of an active club was brought to the attention of the committee by several members who stated that through the efforts of the Fish and Game Association and with Government Department co-operation, streams and ponds in the area had been stocked with fish and during the past few years fishing had improved greatly in this area. Plans were discussed with a view to possibly meeting some officials of the Fisheries Department for the purpose of trying to get more stocking done in the streams and ponds in this district this year.

Craio Celli of the Coleman Club who attended the Annual Convention of Fish and Game Associations held in Banff in February, gave a complete report of the Convention proceedings and Jim Kerr who also attended gave a report on predators. Both men were given votes of thanks for their interesting reports.

Parents Warned of Creek Dangers

With the warm March weather that is being enjoyed in the Pass district, creeks and rivers in the district are beginning to show signs of water from runoff and ice on the creeks is becoming very weak.

During the past week several very small youngsters have been noticed playing around the rivers and ponds in the district have requested that parents and adults take steps to keep the young people away from the water.

Deep puddles, creeks and ponds of water hold a great fascination for young people, who, without further thought after seeing a body of water, venture too near and often accidents result that should never take place.

Although some towns in the area have put chicken wire around open spots on bridges as a protective measure, a danger still exists as the unknown tons go to spots on the creek beds where there is no protective coverage.

St. Paul's United Church Notes

There are two important coming events slated for St. Paul's United Church in April. One is on April 13th—Dr. Bob McLaren of Naramata, and three of his workers will visit the church here on the above date.

It will be a pot luck supper with everyone welcome and the Rev. Bob will speak afterwards.

Dr. Frame of Lethbridge will be the speaker at St. Paul's anniversary service on April 23rd.

Cancer Workshop April 6th

Mrs. Helen Neddok of Coleman president of the Crows Nest Pass Branch of the Canadian Cancer Society announced last week that a Cancer Workshop is to be held in the Catholic Hall in Coleman on April 6th.

Purpose of the workshop is to explain the different aspects of the work of the Cancer Society, including welfare work and public education.

A suggested program offered for the workshop has been drawn up and the affair will begin with an introduction to the Workshop by a local representative of F. J. Norris, field Secretary of Calgary. The Cancer Crusade will then be discussed and the Canvassers kit explained as well as Memorial Donations. Following a question period, Mr. Norris will talk on the Services of the Government after which another question period is to be held. Lunch will be served after which an address is to be given by Mr. Norris. The Public Education program will then be discussed and a question period will be held after which reports are to be given.

The workshop will prove very beneficial to all and the general public are invited to attend. Invitations have been sent to all lodges and organizations in the district requesting that a representative of each lodge be delegated to attend the workshop. Should any groups possibly have been accidentally overlooked they are requested to send a delegate.

The workshop will have two outstanding guest speakers in the persons of Miss N. McGuire, R.N., Nursing Consultant and F. J. Norris, Field Secretary of Calgary, and the affair will be held in the afternoon and evening to try to increase the attendance. A lunch is to be served at the workshop.

The workshop will spearhead the Annual Crusade for funds and it is sincerely hoped by the committees in charge that all will make an effort to attend the workshop to help with this very important work.

Coleman Rodeo Meeting on April 6

At the Coleman Board of Trade meeting held here on Monday evening last it was decided to hold a special public meeting at 8 p.m. in the Council Chamber on April 6, to discuss the 1961 Coleman Rodeo. If lack of interest is shown at this meeting, the Rodeo may be called off for this year. All interested persons in the Rodeo are pleased asked to attend.

Safety Courses Set For Easter

Red Cross Instructor Training Courses in Water Safety are being scheduled in Calgary and Edmonton the week of April 3rd from 9:00 a.m. to 9:00 p.m. daily, except Saturday. The courses will be held at the Y.M.C.A. pools in both cities.

Registrants for the courses must be 16 years of age to qualify for the Senior Leader award and 18 years old to receive their Instructor award. Candidates should hold the Red Cross Senior Swimmer award, plus a life-saving award from either the Royal Life Saving Society or Y.M.C.A. At completion of the courses entrants will be examined for the Red Cross Senior Swimmer test and the Royal Life Saving Society Bronze Medallion.

Thirty-five applicants will be accepted for each course. All applications must be submitted to the Water Safety Service, Canadian Red Cross Society, 9931 106th St., Edmonton, Alberta.

1961 Alberta Highway Map

A wealth of useful travel and holiday information is contained in the 1961 version of the official Alberta highway map issued by the Alberta Government Travel Bureau.

The face of the map shows locations of all roadside campsites; of main points of interest; custom entry points; airports; coded markings to denote community population; glaciers; major topographic sites; provincial parks; and many other matters of concern to tourist and traveller.

The issue sports a "new look" that will find favor with all members of the travelling public. It is nearly twice the size of previous official map issues, although the use of an accordion fold eliminates any inconvenience that might arise from handling a map 33 inches wide and 39 inches long. The ac-

cordion fold permits easy arrangement, panel by panel, of map sections for car use, and quick re-folding back to a standard 4½ by 9½ inch size.

The reverse side of the map, issued in three different backings, uses full color photographs of Alberta holiday attractions.

The road-map issue features fine color pictures of "Waterton Lakes National Park, the Lunenburg Falls campsite, a stretch of Alberta's divided 4-lane highway, and a striking photo of the Banff Gondola Life with Banff townsite in the background. There is a mileage chart listing mileages between 60 communities; a section of facilities available at 44 provincial parks; brief commentary of 35 points of interest pinpointed on the face of the map, and general visitor information. There are cut-away maps of the three mountain national parks, the cities of Edmonton, Calgary, Lethbridge and Medicine Hat. Routes of the Alaska and the Mackenzie Highway are also shown in separate panels.

All national parks are represented in color photographs on the reverse side of the "Alberta Vacation Information" map-folder. Notes on customs regulations, national park recreation facilities, Alberta points of interest, fishing and hunting regulations, tourist accommodation and other such information are listed.

Letter to the Editor

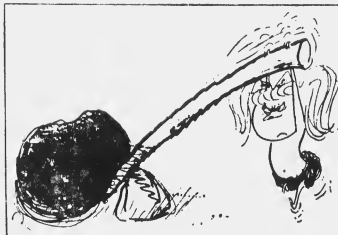

Dear Tommy:

Enclosed is cheque to cover our subscription to October, 1961.

Thanks for your patience. We're very pleased to see Coleman booming again and hope it will continue so.

Evan Gushul.

More school children die of cancer than from any other disease. The Canadian Cancer Society needs money to defeat this killer by means of research and public education. Give to its April campaign.

THE GREEKS HAD A WORD FOR THIS TOO

It was Archimedes who said "give me a lever long enough and a fulcrum strong enough and single handed I can move the world." It is a good thing to know in case things ever get that bad!

With devices like the lever, primitive man multiplied the power of his own muscles. Today he puts other energy sources to work.

Only a small fraction of work

in Canada is done by man's muscles—the rest is done by machines. Oil to power these machines and to fill other energy needs has been made available by companies like Imperial at reasonable prices wherever it is needed. Because of this, Canadians have turned to oil for more than half their energy requirements—they use it at the rate of more than 1,000,000 gallons an hour.

Western Canadian Ranchers To Tour Europe

Grant McEwen, former dean of agriculture at the University of Manitoba, and agricultural judge, author and lecturer, will be the host to a group of Western Canadian ranchers and farmers visiting agricultural fairs in the United Kingdom and demonstration farms on the continent this summer.

The agricultural holiday in Europe has been arranged by P. Lawson Travel Ltd. The group will leave Canada June 17 and will spend 23 days abroad.

Landing at Prestwick airport on board a chartered Swedish airline jet, the Westerners will spend most of the first week of their holiday near Edinburgh, three days attending the Royal Highland Show at Edinburgh, one day of sight-seeing, and another visiting demonstration farms in the area.

Members of the Royal Family will be in attendance at the Royal Highland Show.

After the air flight to Copenhagen, a full day's tour of North Zealand and a visit to the Danish school of agriculture and to government experimental farms is planned for the holidayers. The following day will be highlighted

by inspection of Danish pig-breeding farms.

A visit to one of the world's most famous cheese factories at Edam, and a tour of a vegetable market and vegetable research station will be the features of the group's visit to Holland.

Full sight-seeing schedules in Northern Europe's most famous cities have been planned before the holidayers return to London for a sight-seeing inspection of that city's historic landmarks. The holiday will climax with a three-day visit to the Royal Agricultural Show at Cambridge.

Full details of the planned holiday can be obtained by writing Grant McEwen, Box 245, Calgary, or 315 MacLean Block, Calgary.

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

It was called the General store — the place where you could buy a little bit of everything. It was a friendly place, where townfolk gathered to sit and visit awhile around the big pot-bellied stove. But the array of foods was so limited, it was a hard job for the homemaker to plan varied menus for her family.

Today, thanks to inventive minds and the magic of electricity, the attractive, brightly-lit supermarket beckons every homemaker.

Taking a stroll through the frozen food section is an exciting, mouth-watering experience. Gourmet foods of world-famous restaurants too far away to visit are here, ready to be heated and served at your own family table. From frozen breakfast juices to fresh-frozen fruits for dinner desserts, Calgary Power's extensive electrification program makes meal planning interesting and easy. Electricity is helping to make life healthier and happier for town and farm families across Alberta.
